

Community Service

Throughout the year students are involved in making Christian visits to homes, preparing choral arrangements, and performing religious programs for church services and other religious church-related activities.

Spiritual Life

A child at Adventist Christian Elementary will receive interactive Christian studies through Bible classes and prayer.

The school day begins with Bible reading and prayer. Spiritual emphasis is given to every aspect of classroom instruction.

Students enjoy a curriculum interwoven with Bible history, art and culture with Jesus Christ as their focus.

Curriculum

Adventist Christian Elementary is in the business of creating thinking Christians committed to a faith in Jesus and His commandments.

Our students typically achieve beyond their expected ability, and the longer a student remains in the Adventist system, the higher their achievement level.

Students have a health-based emphasis for physical education programs and a full-size gymnasium.

Classroom

Our teacher is highly qualified and teaches to the whole child, giving him/her a transforming educational experience with a Bible-based curriculum, the latest teaching methods and emerging technology.

Students experience optimal classroom size and student-teacher ratio.
